

**PROGRAM
HIGHLIGHTS
(STEAM FOCUS)**

Rajiv Uttamchandani | Founder & President | rajiv@herclub.org

ABOUT US

We are an international social enterprise with a focus on working with schools, teachers, and administrators to stimulate a new generation of youth activists and social entrepreneurs.

We incorporate human rights activism in academic curricula through modern, innovative methodologies, and help schools better connect with global stakeholders to collectively address relevant social issues.

STEAM-CENTERED FOCUS

The H.E.R. Club uses a unique **STEAM-based approach** to education. We provide students with meaningful opportunities to effectively address relevant social issues using cutting-edge STEM endeavors, interdisciplinary project based learning, and creative storytelling.

OUR FOUR PILLARED PHILOSOPHY

I. Scientific Methodology

II. Engineering Design

III. Creative Innovation

IV. Interactive Storytelling

H.E.R. Club Assemblies – India

Seth M.R. Jaipuria Schools,
Lucknow, India

Seth M.R. Jaipuria Schools, Noida,
India

H.E.R. Club Assemblies - India

Seth M.R. Jaipuria Schools,
Lucknow, India

Abhyasa Village Schools,
Hyderabad, India

H.E.R. Club Assemblies – United States

San Diego Unified School District,
San Diego, CA, USA

Serra High School, San Diego, CA,
USA

H.E.R. Club – Certificate of Participation

Serra High School, San Diego, CA,
USA

Seth M.R. Jaipuria Schools,
Lucknow, India

H.E.R. Club Projects – Sample Selection

Project	Primary Results
Food distribution for the homeless (Since Sept. 2016)	Over 250 served weekly
Anti-Bullying Campaign (Since Jan. 2017)	Reduction of reported bullying by 24%

Serra High School, San Diego, CA,
USA

Project	Primary Results
Reading for the underprivileged (Since Jan. 2016)	Improvement in retention rates + test scores for 524 underprivileged children
Anti-Bullying Campaign (Since Mar. 2016)	Reduction of reported bullying by 38%

Seth M.R. Jaipuria Schools,
Lucknow, India

International H.E.R. Club Meetings

- Regular Skype calls between H.E.R. Club members.
- Active participation with peers across the globe.
- Production and execution of co-developed projects.

Our Collaboration

We welcome all partners.

Let us work together to ensure our children are empowered to become our leaders of today, to change the world of tomorrow.

DEFINING STEAM

STEAM is a movement that refers to the interdisciplinary approach of science, technology, engineering, arts, and mathematics, to enhance traditional academic curricula in a manner which ensures effective and adaptable student-learning experiences in relevance with our modern world.
