May 28 - June 2 • Los Angeles, CA USA

Defining Key Terms

- **GLOBAL** – Concepts and issues that transcend boundaries impacting people and institutions around the world
- **INTERNATIONALIZATION** – An (institutional) integration of intercultural and global dimensions across teaching, research, and/or service commitments

American Council on Education

Can We Agree?

- **doesn't happen automatically;**
- **needs to be facilitated and scaffolded;**
- **is developed over time;**
- **requires direct experiences;**
- **requires opportunities for self-reflection and dialog;**
- **students must be actively involved in their learning process and see their growth.**

What I (we?) Do

Striving to help developing teachers...

...see themselves as cultural, engage in the global world, understand the importance of culture in schooling, and succeed in both reaching and teaching every child...
