The following information is designed to assist education abroad advisers as they guide their students to obtain a student visa to study abroad. NAFSA's EA Consular Affairs Liaison Subcommittee members review these pages regularly for accuracy, but the consulate to which the student applies for a visa may change its procedures. Students and advisers should confirm specific procedures with each relevant consulate.

International students who are citizens of countries that are exempt from applying for a visitor visa will also no longer need to apply for a study visa for short-term study abroad programs up to 90 days.
- As of April 1, 2010, a new Schengen visa application form is in use.
  - Some consulates are using this new form for long-stay visas
  - Some consulates still use the “old” long-stay visa form
  - Be sure to check the website of your consulate for the correct form to use.
- Housing information:
  - The NY Consulate requires information in the acceptance letter from the host institution/program or the home institution with the student’s address in Italy.
  - The Miami Consulate would like the same letter if the information is available. When not available, they will accept a statement that housing will be provided (as in the past).
  - Remaining consulates continue to accept a statement that housing will be provided by the host institution or program.
- Consulates reserve the right to change their requirements and/or request additional information at their discretion.

# FBI Clearance

- ❑ **Departmental Order (556-73) Process:**
- ❑ The Attorney General establishes rules and regulations for individuals to obtain copies of their FBI Identification Record.
- ❑ Nearly 25 percent of requests for records are rejected due to insufficient data; (i.e., missing information, illegible fingerprints, incorrect payment)
- ❑ It takes approximately twelve weeks to process the request – please plan accordingly. Efforts are being made to reduce this time to 8 weeks over the next year.
- ❑ Additional information can be found at: [www.fbi.gov/hq/cjisd/faqs](http://www.fbi.gov/hq/cjisd/faqs) or by contacting FBI Unit Chief, Joey L. Hixenbaugh, at [joey.hixenbaugh@ic.fbi.gov](mailto:joey.hixenbaugh@ic.fbi.gov)

# ENSURE CLARITY

No matter what...

Student and staff confusion does not further our mission. Take the time to write down your office's visa policy in your student materials.

# Visa Education - Best Practices

---

Three questions to consider in deciding on a plan:

1. What level of assistance do your students *REALLY* need?
2. What amount of time and resources does your office have to commit to this task?
3. What are the possible benefits and risks.
