1 INTRODUCTION

The H-1B program allows an employer to temporarily employ a foreign worker in the U.S. on a nonimmigrant basis in a specialty occupation or as a fashion model of distinguished merit and ability. A specialty occupation requires the theoretical and practical application of a body of specialized knowledge and a bachelor's degree or the equivalent in the specific specialty (e.g., sciences, medicine and health care, education, biotechnology, and business specialties, etc.). Current laws limit the number of foreign workers who may be issued a visa or otherwise be provided H-1B status to 65,000. Effective January 1, 2004, the H-1B1 program became available, allowing employers to request foreign workers in the U.S. in a specialty occupation from Chile and Singapore. Current laws limit the number of foreign workers who may be issued an H-1B1 visa.

The July 19, 2005 Federal Register Notice, Vol. 70, No 137 provided initial guidance for employers filing applications for certifications under the E-3 worker visa program. The E-3 program is for Australian professionals seeking to temporarily work in the United States. As explained in the Notice, the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005, P.L. 109-13, was signed by the President on May 11, 2005. The Act established a new nonimmigrant visa category for Australian professionals seeking to work in the United States. The Act provides for 10,500 new visas per fiscal year for Australian nationals seeking temporary work in "specialty occupations," as defined under the H-1B provisions of the Immigration and Nationality Act.

Sponsoring employers seeking to hire foreign workers under the H-1B, H-1B1, and E-3 visa classifications are required to file a Labor Condition Application (LCA) Form ETA 9035E (or to mail Form ETA 9035) with the Department of Labor (DOL). An employer or its authorized representative may file the LCA electronically through the Department's new iCERT Visa Portal System. Employers with physical disabilities that prohibit them from filing electronic applications may submit a written request to file their Form ETA 9035 via U.S. mail. Such requests must be made prior to submitting an application and should be addressed to:

Office of Foreign Labor Certification
Employment and Training Administration
U.S. Department of Labor
200 Constitution Avenue, NW, Room C-4312
Washington, DC 20210
Attn: Chief

The H-1B and H-1B1 certification is valid for the period of employment indicated on the Labor Condition Application (LCA), specifically the ETA Form 9035E, for up to three years. E-3 certification is valid for a period of employment of up to two years. A foreign worker can be in H-1B status for a maximum continuous period of six years. After the H-1B expires, the foreign worker must remain outside the U.S. for one year before another H-1B petition can be approved. Certain foreign workers with labor certification applications or immigrant visa petitions in process for extended periods may stay in H-1B status beyond the normal six-year limitation, in one-year increments. For more information regarding H-1B, H-1B1, and E-3 visa classifications,

please visit the website of the United States Citizenship and Immigration Services (USCIS) at <http://www.uscis.gov>.

1.1 Purpose and Scope

This guide was developed to document the primary functions of the iCERT Visa Portal's LCA Module for external users (LCA Module). This system function provides Employers and their authorized representatives (i.e. Attorneys/Agents) a secure and reliable means to initiate, complete, and submit the ETA Form 9035E to the Department of Labor from within the iCERT Portal.

This user guide represents the current form and function of the LCA Module. Over the coming months and years additional functionality will be introduced to the module. Whenever new features are added (or outmoded functionality is removed), a new version of this user guide will be issued to reflect the current state of the LCA Module.

1.2 Intended Audience

This guide targets external users of the LCA Module:

- Employers
- Employer Associates
- Agents/Attorneys
- Agents/Attorney Associates

In other words, external users who initiate, complete, and submit ETA Form 9035E applications from within the iCERT Portal web site architectural framework. All external parties having potential interest in the LCA Module are identified in **Table 1. User Roles and Responsibilities**, and their associated roles and responsibilities are provided as well.

Table 1. User Roles and Responsibilities	
User Type	User Roles & Responsibilities
Employers	Employers are those users applying for temporary, non-immigrant foreign labor. These users will submit ETA Form 9035E.
Agent/Attorneys	Attorneys and/or agents are those users representing the employers. These users will submit ETA Form 9035E.
Associates	Employees, interns, and paralegals will use the system on behalf of their employer or agent/attorney management with the appropriate permissions granted. These users will submit ETA Form 9035E.

1.3 New to this Version of the User Guide

This version of the iCERT LCA Module Online System External User Guide has been updated to reflect recent changes in the iCERT Portal and LCA Module. Additionally, iCERT Portal discussions not directly relevant to the LCA Module have been extracted from the document and will be appended to the iCERT Visa Portal System External User Guide as appropriate.

Noteworthy changes/additions to this version of the user guide include:

- LCA Portfolio Summary for Master Account Holders (Employer and Agent/Attorney) and Associate Account Holders (Employer and Agent/Attorney)
- ETA Form 9035E pre-fill for Master Account Holders and Associate Account Holders (Employer and Agent/Attorney)
- ETA Form 9035E pre-population for Master Account Holders and Associate Account Holders (Employer and Agent/Attorney)
- ETA Form 9035E case management for Master Account Holders and Associate Account Holders (Employer and Agent/Attorney)
- ETA Form 9035E case withdrawal for selected case statuses by Master Account Holders (Employer and Agent/Attorney) and Associate Account Holders (Employer and Agent/Attorney) that have been granted withdrawal permissions
- My Account & Profiles management of Associate Accounts including permissions

2 SYSTEM OVERVIEW

2.1 General System Description

The primary processing characteristics of the LCA Module are outlined in following subsections.

2.1.1 Accessing the LCA Module

The LCA Module resides within the infrastructure and exists only as functional component of the iCERT Visa Portal web site built by the U.S. Department of Labor. Strictly speaking, it is not a wholly self-contained standalone software application. To access the LCA Module, a user will need to first register for, then log into the iCERT Visa Portal site, then navigate to the LCA Module.

Once at the LCA Module, the user can view and manage LCA cases that they (or their associate accounts or master account depending on roles and permissions) have submitted to DOL. Master Account holders will be able to customize settings by which their Associate Account Holders will access and manage the LCA cases from the My Associate Accounts tab under the My Account & Profiles tab.

2.1.2 Creating and Submitting an ETA Form 9035E

Employer Master Account Holders and Agent/Attorney Master Account Holders can initiate, complete, and submit the ETA Form 9035E from within the iCERT Visa Portal site. Depending on the permissions granted for their account, Employer Associate Account Holders and Agent/Attorney Associate Account Holders can also initiate, complete, and submit the ETA Form 9035E from within the iCERT Visa Portal site.

Real-time validations will notify users if data is improperly entered or if particular data will flag the case for denial. Users will be able to navigate freely between pages of the online form. All data will be saved to a temporary table before the case is finally submitted. The case will become “final” only when the user has completed the form, reviewed any errors presented by the system, and approved final submission by selecting the Submit Button from the Form Submission Page.

2.1.2.1 Pre-fill ETA Form 9035E

Account Holders will find appropriate sections of ETA Form 9035E pre-filled with their profile information (Employer or Agent/Attorney company information depending on the user category). This information will be editable. Originally this feature was only available to Master Account Holders (Employer and Agent/Attorney), but it has since been extended to Associate Account Holders (Employer and Agent/Attorney).

2.1.2.2 Pre-Populate ETA Form 9035E

Master Account Holders (Employer and Agent/Attorney) and authorized Associate Account Holders (Employer and Agent/Attorney) will be able to pre-populate appropriate sections of ETA Form 9035E based on saved Employer or Attorney profiles (Employer Profiles in the case of Agent/Attorneys and Attorney Profiles in the case of Employers).

Where applicable, a Look Up Button (Look up Agents/Attorneys Associated With Your Account in the case of Employers and Look up Employers Associated With Your Account in the case of Agent/Attorneys) will allow the user to search and select a profile that will in turn pre-populate appropriate ETA Form 9035E section(s). The pre-populated section(s) will be editable.

2.1.3 ETA Form 9035E Management

Account Holders can view all ETA 9035E forms that they have created and submitted regardless of case status. The LCA Portfolio Summary Page lists the number of cases by status and provides a link to the Case Queue for each status. From the Case Queue users can view individual applications and, depending on the case status and the user's role and permissions, take various actions including case editing, submission, and withdrawal.

2.1.4 Creating and Managing Accounts and Profiles

All Account Holders can manage their account information and create and manage Employer or Agent/Attorney Profiles (depending on their role). Master Account Holders (Employer and Agent/Attorney) can also create and manage Associate Accounts including assigning Associate Account permissions.

2.1.5 Accessing Forms & Instructions

The Forms & Instructions section of the iCERT Portal is a useful resource for Portal users. It contains a table linking all of the ETA visa program forms as well as form instructions. This section is technically part of the iCERT Portal and is discussed in greater depth in the iCERT Visa Portal System External User Guide.

2.2 System Architecture Summary

The LCA Module exists within the larger iCERT Portal where it is currently the only active visa program. However, additional visa programs and a Prevailing Wage Module will be coming online in the following months and years.

The primary level system navigation allows users to perform portal-wide tasks such as account management, visa program module access, and ETA form and form instruction downloads. The secondary level system navigation allows users to access visa program-specific functions including the Portfolio Summary Page and My Cases.

The larger iCERT Portal is currently undergoing architectural improvements and the primary and secondary level system navigation schema will continue to evolve and improve. Future versions of this document will consider architectural changes relevant to the LCA Module.

3 LOGGING IN AND VIEWING LCA CASES

The LCA Module is not a wholly self-contained standalone software application. To access the LCA Module, a user first must:

- Register for an iCERT account from the iCERT Portal Welcome Page
- Be granted login parameters with a temporary password via email
- Login from the iCERT Portal Welcome Page and create a permanent password
- Navigate to the LCA Module

The process for registering for an iCERT account is documented in the iCERT Portal User Guide as are details on accessing and logging into the iCERT Portal web site. A high-level overview of these steps is provided in subsections **3.1 Accessing the iCERT Portal Welcome Page** and **3.2 Logging In**, respectively.

Upon logging into the iCERT Portal, the user is brought to LCA Module and is presented with the LCA Portfolio Summary Page that lists all initiated and submitted cases dividing submitted cases up into categories based on form status. A high-level overview of the LCA Portfolio Summary Page is presented in **3.3 Viewing Cases in Portal Home and My Cases**. The summary page also allows the user to begin a new ETA Form 9035E (to include H-1B, H-1B1, and E-3 applications).

The process for performing a quick search to view cases from the iCERT Portal Home Page and My Cases tab is presented in **3.4 Case Quick Search**.

3.1 Accessing the iCERT Portal Welcome Page

For direct access to the iCERT Portal Welcome Page, enter “<http://icert.doleta.gov>” into the Address field of the browser, and press the Enter key (or click the Go button).

From the iCERT Portal Welcome Page users with a Username and Password can log directly into the portal from the iCERT Portal Login section. The same section allows new users to create an account and established users who have forgotten their Username or Password to verify their identity and retrieve their login parameters (refer to the iCERT Portal User Guide for additional details on account creation and Username/Password retrieval). See **Figure 1. iCERT Portal Welcome Page**.

3.2 Logging In

From the iCERT Portal Login of the Welcome iCERT Portal Page the user must type their registered system username and password into the Username and Password fields respectively then click the Log In button. The system then displays the Message for Users page.

Clicking the Decline button from the Message for Users Page cancels the login process. Assuming a correct Username and Password, clicking the Accept button completes the login process. Then, the iCERT Portal Home Page is displayed.

Currently, the iCERT Portal Home Page defaults to the LCA Portfolio Summary Page as no other visa programs or visa-related tools are available. However, when the Prevailing Wage Module goes online in early 2010, the iCERT Portal Home Page will allow the user to choose between the LCA Module and the Prevailing Wage Module.

As additional visa programs are added to the iCERT Portal, the iCERT Portal Home Page will be updated to reflect the new programs and new program portfolio summary pages will also become available. See **Figure 2. iCERT Portal Home/Portfolio Summary Page (Partial)**.

- The system automatically deactivates a user's account after three consecutive unsuccessful login attempts.
- A user is allowed to reactivate their account by entering a temporary system-generated password sent to the email address provided during registration.
- After 15 minutes of system inactivity during any interactive session, the system automatically logs you out, redisplay the iCERT Portal Welcome Page, and displays a timeout warning/notification.
- For additional information on logging into the system, refer to the iCERT Visa Portal System External User Guide.

3.3 Viewing Cases in Portal Home and My Cases

The LCA Portfolio Summary divides initiated and submitted ETA 9035E forms by case type. First, it list H-1B cases, then H-1B1 cases, and finally E-3 cases. Within each division, the summary lists all cases created by or assigned to the user by case status:

- Initiated
- In Process
- Certified
- Denied
- Withdrawn
- Voided
- Invalidated
- Rejected
- Related Cases

For each status, the system lists the total number of cases as a hyperlinked number (except where the number is zero/0 in which case no hyperlink is displayed). See **Figure 3. LCA Portfolio Summary Listing (H-1B Cases)**.

Figure 3. LCA Portfolio Summary Listing (H-1B Cases)

The hyperlinked numbers move the user to the LCA Case Status Queue Page for the selected status. Collectively, these pages are referred to as My Cases. Individual LCA Case Status Queue Pages are described in **5.1 LCA Portfolio Summary**, **5.2 Initiated/In Process**, **5.3 Initiated Cases Queue**, **5.4 In Process Cases Queue and Certified Cases Queue**, and **5.5 Denied Cases Queue, Voided Cases Queue, Invalidated Cases Queue, and Rejected Cases Queue**.

Note: The system only displays cases that the user has created or been assigned and cases created by their sub-accounts. The Master Account views the “true” total cases while Associate Accounts view their cases plus Master Account cases if allowed. However, Associate Accounts do not view cases submitted by other Associates, so the “actual” total number of cases for a given Employer or Attorney account may be higher.

3.4 Case Quick Search

The Case Quick Search is a role-based function that queries the database based on a set of user-defined search criteria selected/entered into the Case Quick Search fields. The search criteria presented in the Case Quick Search differ for Employers and Attorneys and within those categories between Master Account Holders and Associate Account Holders (hence role-based).

The Case Quick Search appears in several locations throughout the iCERT Portal including the Visa Program Portfolio Summary Pages.

The system retrieves those cases meeting the user-defined search parameters and displays the results on the appropriate Visa Program Case Quick Search for the applicable visa program application. One or more of the criteria may be used to search.

To utilize the Case Quick Search, the user can make one or more selections from the various drop-down lists and/or hand-key a case number. The user can also hand-key or select a filing date range using the date selection pop-up (not available for IE 6 users) auto-launched when the user clicks on either the From or To fields under Filing Date Range.

The role-based Case Quick Search criteria are described in **Table 2. Case Quick Search Criteria**.

When the user has completed defining the search criteria, selecting the Submit button in the lower right corner of the Case Quick Search panel will initiate the search. Any cases meeting the query parameters entered are retrieved and displayed on the appropriate Case Quick Search for the applicable visa program application.

Note: On several of the Case Quick Search drop-down lists, some of the options are grayed-out and are not available for selection as a query parameter at the current time.

4 CREATING A NEW ETA FORM 9035E

This section documents the procedures to complete and submit the ETA Form 9035E for external users of the LCA Module. Once a user logs into LCA Module via the iCERT Portal (see **Table 3. ETA Form 9035E Log-In**), they can create and submit the ETA Form 9035E electronically. The LCA Module presents the ETA Form 9035E in a format that has been designed to resemble the corresponding paper form while facilitating data entry. Users will also have the ability to save sequential changes to the Form or cancel data entry and exit the application.

An employer or attorney/agent submits an ETA Form 9035E stating their intention to hire a non-immigrant in a specialty occupation or as a fashion model. The submitting party may submit an application no sooner than six months prior to the beginning of the period of intended employment as stated on the submitted LCA. Upon submission, it is the employer's and attorney/agent's responsibility to ensure that the LCA is complete and accurate. The original ETA Form 9035E must be maintained in the employer's public disclosure files.

External users should use the procedures outlined in this section to fill out ETA Form 9035E for an LCA application via the iCERT Portal web site.

Note: If available, Employer and Agent/Attorney profile information (saved as Employer Profiles or Attorney Profiles) can be selected and pre-filled into appropriate ETA Form 9035E sections thereby reducing data entry time and providing better data tracking.

Note: The pre-fill function is available to profiles Master Account Holders (Employer and Agent/Attorney) as well as those Associate Account Holders (Employer and Agent/Attorney) that have been granted permission to view and pre-fill Master Account profiles.

4.1 Logging In and ETA Form 9035E Icons

The following table describes the process of logging into the iCERT Portal in order to complete a new ETA Form 9035E.

Table 3. ETA Form 9035E Log-In	
Once you have registered and created an iCERT user account, to log into the iCERT Portal, use the following procedure from the iCERT Portal Login section of the Welcome Page.	
Question	Instructions
Login 1	Log on to the iCERT Portal web site.
Login 2	Type your registered system username into the Username field.
Login 3	Type your account password into the Password field.
	Notes: For security reasons, character masks are displayed as the password is typed.

**Table 3. ETA Form 9035E Log-In**

Once you have registered and created an iCERT user account, to log into the iCERT Portal, use the following procedure from the iCERT Portal Login section of the Welcome Page.	
Question	Instructions
Login 4	Click the Log In button, and the Message for Users page is displayed. Notes: Clicking the Decline button on the Message for Users page cancels the login process.
Login 5	Click the Accept button at the bottom of the Message for Users page.
Login 6	From the iCERT Portal Home / Portfolio Summary page, select the LCA visa type case tab.
Login 7	Click the Begin New ETA Form 9035E button for the applicable visa type (depending on whether it is an H-1B, H-1B1, or E-3 case). Notes: <ul style="list-style-type: none"> The system only allows one login session per user account. The system automatically deactivates a user's account after three consecutive unsuccessful login attempts. A user account can be reactivated by entering a temporary system-generated password sent to the email address provided by the user during registration. <p>After 15 minutes of system inactivity during any interactive session, the system automatically logs you out, redisplay the iCERT Portal Welcome Page, and displays a timeout warning/notification.</p>

ETA Form 9035 - Form Access Preconditions

Electronic Filing of Labor Condition Applications For The H-1B Nonimmigrant Visa Program

This Department of Labor, Employment and Training Administration (ETA), electronic filing system enables an employer to file a Labor Condition Application (LCA) and obtain certification of the LCA. This Form must be submitted by the employer or by someone authorized to act on behalf of the employer.

A) I understand and agree that, upon my receipt of ETA's certification of the LCA by electronic response to my submission, I must take the following actions at the specified times and circumstances:

- print and sign a hardcopy of the electronically filed and certified LCA;
- maintain a signed hardcopy of this LCA in my public access files;
- submit a signed hardcopy of the LCA to the United States Citizenship and Immigration Services (USCIS) in support of the I-129, on the date of submission of the I-129;
- provide a signed hardcopy of this LCA to each H-1B nonimmigrant who is employed pursuant to the LCA.

Yes No

B) I understand and agree that, by filing the LCA electronically, I attest that all of the statements in the LCA are true and accurate and that I am undertaking all the obligations that are set out in the LCA (Form ETA 9035E) and the accompanying instructions (Form ETA 9035CP).

Yes No

C) I hereby choose one of the following options, with regard to the accompanying instructions:

- I choose to have the Form ETA 9035CP electronically attached to the certified LCA, and to be bound by the LCA obligations as explained in this form
- I choose not to have the Form ETA 9035CP electronically attached to the certified LCA, but I have read the instructions and I understand that I am bound by the LCA obligations as explained in this form

4.7 Step 5: Rate of Pay, Employment and Prevailing Wage Information, and Employer Labor Conditions Statement

Step 5 of ETA Form 9035E includes three Sections:

- F. Rate of Pay
- G. Employment and Prevailing Wage Information
- H. Employer Labor Conditions Statement

4.7.1 Section F. Rate of Pay

The first section in Step 5 is Section F. Rate of Pay. See **Figure 10. ETA Form 9035E Step 5 Section F.**

Figure 10. ETA Form 9035E Step 5 Section F

The following table details the steps for completing the ETA Form 9035E Section F. Rate of Pay, the first of three sections in Step 5.

Table 10. ETA Form 9035E Step 5 Section F	
The ETA Form 9035E – Step 5 page uses numerous text fields, several sets of radio button options, and one drop-down list to respond to the following three sections of the ETA Form 9035E.	
Question	Instructions
F.1	Enter the wage rate range beginning with dollar amount, using the decimal point to indicate the separation between the dollar amount and cents, in the Form field in Section F [REQUIRED]. See Figure 34. Enter the wage rate range ending dollar amount in the To field in Section F [OPTIONAL].
F.1a	Identify the standard pay period for the position supporting this LCA filing by selecting one of the following radio button options in the Per field in Section F: Hour, Week, Biweekly, Month, Year. Note: Click the Clear button associated with this set of radio button options to toggle off the current pay period selection.

4.7.2 Section G. Employment and Prevailing Wage Information

The second section in Step 5 is Section G. Employment Prevailing Wage Information. See **Figure 11. ETA Form 9035E Step 5 Section G.**

G. Employment and Prevailing Wage Information

Important Note: It is important for the employer to define the place of intended employment with as much geographic specificity as possible. The place of employment address listed below **must be a physical location and cannot be a P.O. Box.** The employer may use this section to identify up to three (3) physical locations and corresponding prevailing wages covering each location where work will be performed and the electronic system will accept up to 3 physical locations and prevailing wage information. If the employer has received approval from the Department of Labor to submit this form non-electronically and the work is expected to be performed in more than one location, an attachment must be submitted in order to complete this section.

Press a letter key to go to the first instance in the listing starting with that letter (e.g., press the 'C' key to navigate to "California" in the list). The Location 1 tab fields are required (i.e., you must provide the information for at least one place of employment), but the Location 2 and Location 3 tab fields are optional and allow you to provide information for multiple places of employment.

**Table 11. ETA Form 9035E Step 5 Section G**

The Employer must define the place of intended employment with as much geographic specificity as possible. Any place of employment address provided in Section G below must be an actual physical location and cannot be a P.O. Box. The Employer may use Section G to identify up to three physical locations and corresponding prevailing wages covering each location where work will be performed.

Question	Instructions
G.b7	In field 7 under Section G, enter the State Workforce Agency (SWA) that issued the Prevailing Wage Determination (PWD). If the Employer did not obtain a PWD from the SWA or National Processing Center (NPC) enter "N/A."
G.b7a	In field 7a under Section G, enter the Prevailing wage tracking number assigned by the SWA or NPC. If the SWA or NPC did not assign a prevailing wage tracking number OR the employer did not obtain a PWD from the SWA or NPC, enter "N/A" .
G.b8	<p>In the Wage Level field, if the Employer received a prevailing wage from either the SWA, NPC, or the Foreign Labor Certification Data Center Online Wage Library (at http://www.flcdatcenter.com), select one of the following radio button options to indicate the wage (i.e., "skill") level of the job opportunity. If the Employer did not receive a prevailing wage from either of these sources, select the N/A radio button option.</p> <ul style="list-style-type: none"> • I radio button option • II radio button option • III radio button option • IV radio button option • N/A radio button option <p>Note: Click the Clear button associated with this set of radio button options to toggle off the current wage level selection.</p>
G.b9	<p>In field 9 under Section G, enter the Prevailing Wage for the job opportunity.</p> <p>Note: The prevailing wage rate is defined as the average wage paid to similarly employed workers in the requested occupation in the area of intended employment. This wage rate is usually obtained by contacting the SWA having jurisdiction over the geographic area of intended employment or from other legitimate sources of information, such as the Online Wage Library.</p>
G.b10	<p>Identify the prevailing wage pay period for the position supporting this LCA filing by selecting one of the following radio button options in the Per field in Section G:</p> <ul style="list-style-type: none"> • Hour • Week • Biweekly • Month • Year <p>Note: Click the Clear button associated with this set of radio button options to toggle off the current prevailing wage pay period selection</p>

**Table 11. ETA Form 9035E Step 5 Section G**

The Employer must define the place of intended employment with as much geographic specificity as possible. Any place of employment address provided in Section G below must be an actual physical location and cannot be a P.O. Box. The Employer may use Section G to identify up to three physical locations and corresponding prevailing wages covering each location where work will be performed.

Question	Instructions
G.b11	<p>Identify the source of the published prevailing wage for the position supporting this LCA filing by selecting one of the following radio button options in the Prevailing Wage source field in Section G:</p> <ul style="list-style-type: none"> • OES (Occupational Employment Statistics) • CBA (Collective Bargaining Agreement) • DBA (Davis-Bacon Act) • SCA (McNamara-O’Hara Service Contract Act) • Other <p>Note: Click the Clear button associated with this set of radio button options to toggle off the current prevailing wage source selection.</p>
G.b11a	<p>In the Year source published field, record the year in which the data source used to list the prevailing wage was published.</p>
G.b11b	<p>In field 11b of Section G, specify the name of the company and exact wage survey used by the employer for the prevailing wage.</p> <p>Note: This field should be used in circumstances where the Employer has selected the OES or Other options in field 11 and the Employer did not obtain a prevailing wage from the SWA or NPC. For example, if the Employer obtained a prevailing wage using OES data from the Foreign Labor Certification Data Center Online Wage Library (at http://www.flcdatacenter.com), then the words “OFLC Online Data Center” must be entered in the space provided.</p>

4.7.3 Section H. Employer Labor Condition Statements

The third and final section in Step 5 is Section H. Employer Labor Condition Statements. See **Figure 13. ETA Form 9035E Step 5 Section H.**

H. Employer Labor Condition Statements

Important Note: In order for your application to be processed, you **MUST** read Section H of the Labor Condition Application - General Instructions Form ETA 9035CP under the heading "Employer Labor Condition Statements" and agree to all four (4) labor condition statements summarized below:

1. **Wages:** Pay nonimmigrants at least the local prevailing wage or the employer's actual wage, whichever is higher, and pay for non-productive time. Offer nonimmigrants benefits on the same basis as offered to U.S. workers.
2. **Working Conditions:** Provide working conditions for nonimmigrants which will not adversely affect the working conditions of workers similarly employed.
3. **Strike, Lockout, or Work Stoppage:** There is no strike, lockout, or work stoppage in the named occupation at the place of employment.
4. **Notice:** Notice to union or to workers has been or will be provided in the named occupation at the place of employment. A copy of this form will be provided to each nonimmigrant worker employed pursuant to the application.

I have read and agree to Labor Condition Statements 1, 2, 3, and 4 above and as fully explained in Section H of the Labor Condition Application - General Instructions - Form ETA 9035CP

L.1 through L.3	In field 1 through 3 of Section L, enter the last (family) name, first (given) name and middle initial of the LCA preparer. Note: for Section D.2 if no middle name exists, enter "n/a".
L.4	In field 4 of Section L, enter the Firm/Business name of the LCA preparer.
L.5	In field 5 of Section L, enter the LCA preparer's work e-mail address.

4.9.2 Section M. U.S. Government Agency Use (ONLY)

Section M will not be discussed and is not displayed in this section of the ETA Form 9035E. This section is for DOL use only and can only be viewed in the PDF version of the document.

4.9.3 Section N. Complaints

The third section in Step 7 is Section N. Complaints. See **Figure 18. ETA Form 9035E Step 7 Section N.**

N. Complaints

The signatures and dates signed on this form will not be filled out when electronically submitting to the Department of Labor for processing, but **MUST** be complete when submitting non-electronically. If the application is submitted electronically, any resulting certification **MUST** be signed *immediately upon receipt* from the Department of Labor before it can be submitted to USCIS for further processing.

Complaints alleging misrepresentation of material facts in the LCA and/or failure to comply with the terms of the LCA may be filed using the WH-4 Form with any office of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor. A listing of the Wage and Hour Division offices can be obtained at <http://www.dol.gov/esa>. Complaints alleging failure to offer employment to an equally or better qualified U.S. worker, or an employer's misrepresentation regarding such offer(s) of employment, may be filed with the U.S. Department of Justice, Office of the Special Counsel for Immigration-Related Unfair Employment Practices, 950 Pennsylvania Avenue, NW, Washington, DC, 20530. Please note that complaints should be filed with the Office of Special Counsel at the Department of Justice only if the violation is by an employer who is H-1B dependent or a willful violator as defined in 20 CFR 655.710(b) and 655.734(a)(1)(ii).

When you have completed all the corrections you plan to make, click the Submit ETA 9035E Form button, the Case Saved page is displayed and an e-mail confirmation is sent out by the system.

5 ETA FORM 9035E MANAGEMENT

This section describes the management of initiated and submitted ETA 9035E forms. Case management begins with the LCA Portfolio Summary page (initially described in **3.3 Viewing Cases in Portal Home and My Cases**) that lists all initiated and submitted cases by dividing submitted cases up into categories based on application status. The summary page also allows the user to begin a new ETA Form 9035E (to include H-1B, H-1B1, and E-3 applications).

5.1 LCA Portfolio Summary

As described in **3.3 Viewing Cases in Portal Home and My Cases**, the LCA Portfolio Summary divides initiated and submitted ETA 9035E forms by nine case statuses:

- Initiated
- In Process
- Certified
- Denied
- Withdrawn
- Voided
- Invalidated
- Rejected
- Related Cases

For each status, the system lists the total number of cases that can be viewed by the user (that includes all cases created by the user plus any additional cases the user's role and permissions allow) as a hyperlinked number (except zero(0)). The hyperlinked numbers move the user to the appropriate LCA Case Status Queue Page. The following section provides a general description of the case status queue pages, and then groups and describes the individual case status queue pages.

5.2 Initiated/In Process

With the exception of the Related Cases list (not technically a queue), all of the LCA case status queues allow the user to search for specific cases within a given case status, display ETA 9035E forms for the selected status, and provide a button to start a new ETA Form 9035E application. Individual queues also allow case status specific actions.

5.2.1 Search LCA Cases

The LCA Case Status Queue search function provides search criteria to help users quickly identify individual status-specific ETA Form 9035E cases for review or other action. The search itself is consistent across the queues except where noted in the individual queue descriptions. See **Figure 19. LCA Cases Queue Search Form**. The search form elements include:

- Case Number: free text form field
- Status: drop-down selector listing LCA case status
- Employer/Legal Name: free text form field
- Date Initiated: free text From and To form fields with redundant date select pop-up triggered by selecting either field; allows the user to enter a date range for when the case was first created.
- Date Submitted: free text From and To form fields with redundant date select pop-up triggered by selecting either field; allows the user to enter a date range for when the case was submitted for processing (not displayed on the Initiated Cases Queue Search Form).
- Search: button to submit the selected search criteria which in turn returns the results grid with the resulting case(s).
- Reset: button to clear all search criteria which in turn returns the results grid to the default results for that case status.

Figure 19. LCA Cases Queue Search Form

5.2.2 Display of LCA Cases

LCA cases are displayed in a grid (table) listing all cases matching the selected case status (the default search form criteria) plus any additional search criteria. All grid columns are sortable by clicking once (ascending order) or twice (descending order) on an individual column header.

The grids default to displaying the first ten (10) cases for the submitted search criteria. If more than 10 cases are returned, the grid will automatically display paging links to allow the user to display the next (or previous) 10 cases. The grid also allows the user to select listings of 20 or 30 cases at a time.

Note: Re-sorting the grid by a different column will automatically refresh the entire grid. Hence, if the user re-sorts a five page grid from page four of said grid, the refreshed grid will start at page 1/5 displaying the initial search based on sort order. See **Figure 20. LCA Cases Queue Grid**.

5.3 Initiated Cases Queue

The Initiated Cases queue lists all ETA 9035E forms that have been created but not yet completed and/or submitted by the user. As noted above, initiated cases can only be viewed by their actual creator. Once a case has been submitted, other users can view the case based on their role and permissions.

5.3.1 Search Initiated Cases Particulars

As cases have not yet been submitted, the Date Submitted search form field is not present in Initiated Cases queue search form.

5.3.2 Display Initiated Cases Particulars

As initiated cases are incomplete or have not yet been submitted, the user is able to open the actual ETA Form 9035E for all initiated cases. The form can be accessed by selecting the hyperlinked case number from the Case Number column of the search results grid (leftmost column). Once a case has been submitted, the user can no longer access the editable form and must instead look at the case PDF by selecting the hyperlinked PDF icon from the Summary column. See **Figure 21. Initiated Cases Queue**.

5.4 In Process Cases Queue and Certified Cases Queue

The In Process Cases queue and Certified Cases queue allow the user to search and sort cases with the status of In Process and Certified. These statuses require separate consideration as they are the only case statuses that allow case withdrawal by authorized users; none of the other submitted case statuses allow case withdrawal.

Authorized users can withdraw an individual case or multiple cases by selecting one or more check boxes from the left-most column of the search results grid then selecting the Withdraw button that appears immediately below the grid on the left hand side. Case withdrawal (including withdrawal permissions) is discussed in detail in 5.8 Withdrawing an ETA Form 9035E. See **Figure 22. In Process Cases Queue**.

Similarly, if a user uses the check boxes in the left-most column to select cases from a given grid, and then pages to the next or previous result set, the check box selections will be lost.

5.6 Related Cases List

The Related Cases list displays all cases using the user’s same FEIN but submitted by an Attorney or Agent other than the user’s Master Account Holder and Associated Account Holder accounts (i.e., the Account Holders associated with an individual account). From the Related Cases list, users can review a Related Cases Detail page for each case but cannot view the complete ETA Form 9035E. The Related Cases Detail is linked from the Case Number column where the individual case numbers are presented as hyperlinks. See **Figure 24. Related Case List**.

5.7 Tracking and Managing an ETA Form 9035E Case

Tracking of ETA 9035 Forms occurs from the LCA Portfolio Summary page. When a case is first created (but not yet submitted), it appears in the Initiated case status row. With submission and processing, it moves through the In Process status until the decision has been made. Selecting the hyperlinked number under the Total Cases column for a given case status row takes the user to the appropriate LCA Case Queue where additional action can be taken.

Individual case tracking and management can be performed from the Case Quick Search using the Case Number, or through the appropriate LCA Case Queue as described earlier in this section.

5.8 Withdrawing an ETA Form 9035E

In Process and Certified ETA 9035 Forms can be withdrawn by the Master Account Holders (Employer and Agent/Attorney) and by Associate Account Holders (Employer and Agent/Attorney) that have been granted withdrawal permissions. A Master Account Holder can withdraw cases that they themselves submitted as well as cases submitted by their Associate Accounts. Associate Account Holders can only withdraw cases that they themselves submitted. If they have permission to withdraw, those users see the cases submitted by the main account holder.

ETA Form 9035E case withdrawal can only take place from the In Process Cases queue and the Certified Cases queue. This section will show the procedures of withdrawing an ETA Form 9035E for authorized external users of the LCA Module.

5.8.1 Identifying a Case or Cases to Withdraw

Once the user navigates to either the In Process Cases queue or the Certified Cases queue, they can select one or more cases for withdrawal using the check boxes in the left-most column of the queue grid. The user then selects the Withdraw Button immediately to the bottom left of the grid. See **Figure 26. Withdrawing an ETA form 9035E In Process Cases Queue.**

After the Case Note field has been filled, continue the withdraw process by clicking the Withdraw Case Button. See **Figure 28. Withdraw Cases Pop-up: Note.** Clicking the Withdraw Case Button will prompt a pop-up dialog box to appear, Click the OK Button to continue withdrawal process or the Cancel Button to exit the Withdraw Cases pop-up and return to the previous LCA Status Queue page. See **Figure 29. Withdraw Cases Pop-Up: Confirmation.**

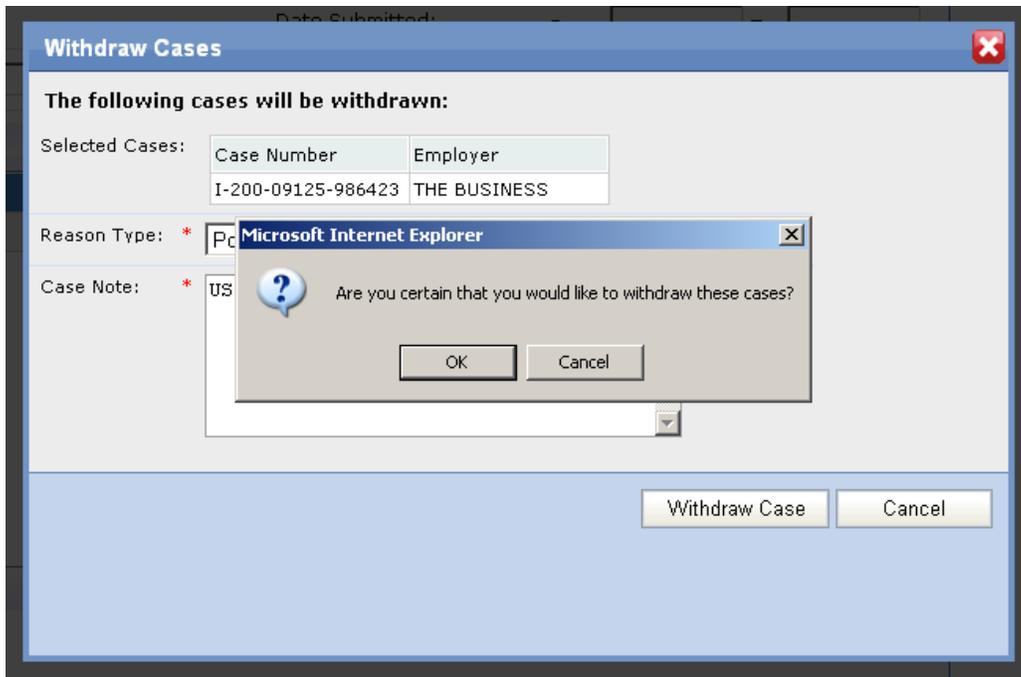

Figure 29. Withdraw Cases Pop-Up: Confirmation

After selecting either the OK or Cancel Button, the underlying LCA Status Queue page will refresh removing the withdrawn case (if any) from the grid.

This will also cause the In Process, Certified and Withdrawn Case Status count to change on the LCA Portfolio Summary page.

5.9 Reusing an ETA Form 9035E

Employers or their authorized attorneys or agents can *reuse* previously filed Labor Condition Applications (LCAs) under the H-1B, H-1B1, and E-3 visa programs. This will significantly reduce the time and cost associated with preparing and submitting the ETA Form 9035E.

5.9.1 Identifying a Case to Reuse

Once the user navigates to the LCA Portfolio Summary screen, they can select a group of cases from which they need to reuse an existing case (Ex: 'Certified' cases. See **Figure 30. LCA Portfolio Summary Screen**). The user then selects a case using the check boxes in the left-most column of the queue grid and then selects the Reuse Button immediately to the bottom left of the grid. See **Figure 31. Reusing an ETA form 9035E**.

APPENDIX A: GLOSSARY OF TERMS

Table below provides a glossary of key terms pertinent to this document.

Table 18. Glossary of Terms	
Key Term	Description
Account	<p>A user account allows a requesting user to authenticate their identity to an automated system, usually via a unique user name and password combination (and other human-input validations as required). Authentication does not automatically imply authorization, however. Once the user has logged on, the defined account parameters also define the permissions and privileges authorizing the user's access to the system's services, functions, and processes.</p> <p>The iCERT Portal system offers three types of user accounts:</p> <ul style="list-style-type: none"> • Employer • Attorney/Agent • Associate
American Competitiveness & Workforce Improvement Act	<p>The American Competitiveness & Workforce Improvement Act (ACWIA) is legislation designed to help train U.S. workers in the high technology skills that the industry needs thereby reducing the need to import workers from abroad. The grants are either issued to a business partnership or to a local workforce investment board and generally are aimed at adults. Organizations must partner and apply to the Department of Labor.</p>
Associate Account	<p>An Associate account can be created by any user with a registered iCERT Employer or Attorney/Agent master account. An Associate account is also known as a sub-account (i.e., "subordinate") in that the user with the master account actually defines the specific system when the associate account is created (see Permissions entry below).</p>
Attorney/Agent Account	<p>The Attorney/Agent account has "master-level" authority and consists of basic business and personal identification and contact information for the attorney or agent retained or hired to represent an employee in its interests applicable to OFLC visa program application cases.</p>
Employer Account	<p>The Employer account has "master-level" authority and consists of basic business and personal identification and contact information for the company/business actually sponsoring OFLC visa program applications in an attempt to hire foreign workers for their firm. For normal administrative purposes, usually there would only be one Employer account per business firm, even though the system itself does not place any restriction on the number of accounts a given business may create.</p>
Frequently Asked Questions	<p>Frequently Asked Questions (FAQs) are listed questions and answers, frequently posed in some common context, and pertaining to related topics. The iCERT Portal system includes a section titled, "Find Current FAQs" with a hyperlink which will navigate the user to a webpage which lists the OFLC Frequently Asked Questions and Answers.</p>
Metropolitan Statistical Area	<p>Metropolitan Statistical Areas (MSAs) are composed of counties and for some county equivalents. MSAs are delineated on the basis of a central urbanized area—a contiguous area of relatively high population density. The</p>

**Table 18. Glossary of Terms**

Key Term	Description
	<p>counties containing the core urbanized area are known as the central counties of the MSA. Additional surrounding counties (known as outlying counties) can be included in the MSA if these counties have strong social and economic ties to the central counties as measured by commuting and employment.</p> <p>Note: MSAs are used for official purposes, but they are not the only estimates of metro area populations available.</p>
OFLC Visa Programs	<p>The iCERT Portal allows access to the following OFLC visa programs if the user checked the applicable visa program security privilege checkbox on the Your Login Information tab section when the system account was created or updated:</p> <ul style="list-style-type: none"> LCA (H-1B, H-1B1, E-3)
Permissions	<p>Most modern applications have methods of administering account permissions or access rights and privileges to specific users and groups of users. These systems control the ability of the users affected to view or make changes to the contents of the application.</p> <p>The iCERT Portal system makes account distinction between Employer and Attorney/Agent accounts which grant “master-level” system permissions and Associate account (i.e., “Sub-Account”) permissions which are defined by and subordinate to the master Employer and Attorney/Agent accounts.</p>
Portfolio Summary	<p>In the context of the iCERT Portal system, the term “Portfolio Summary” refers to a listing of cases created by, assigned to, or viewable by a particular system user. If the user checked the applicable visa program security privilege checkbox on the Your Login Information tab section when the account was created or updated, the system displays a tab for those visa programs under the Portfolio Summary page. The system also displays a functional module in My Cases and allows user to submit the relevant ETA form(s) for the selected program(s).</p>
Prevailing Wage	<p>The prevailing wage rate is defined as the average wage paid to similarly employed workers in the requested occupation in the area of intended employment. The iCERT Portal system incorporates a prevailing wage search feature that requires user to enter a state/district/territory, data series and source, area based on, occupation/keyword, and then search to retrieve the prevailing wages for a particular occupation.</p>
Profile	<p>A profile for an Attorney/Agent account is a user-defined data set consisting of basic identification and contact information for any company the attorney or agent represents as a client in its interests applicable to OFLC visa application cases.</p> <p>A profile for an Employer account is a user-defined data set consisting of basic identification and contact information for any attorney and/or agent an employer has retained to represent the company’s interests in OFLC visa application cases.</p> <p>In the iCERT Portal system, profile information can then be dynamically associated with a case to pre-populate specific fields on certain screens with the pertinent employer information, thereby reducing data entry time and providing better data tracking.</p>

**Table 18. Glossary of Terms**

Key Term	Description
Single Sign-On	<p>Single sign-on (SSO) is a method of access control that enables a user to log in once and gain access to the resources of multiple software systems without being prompted to log in again.</p> <p>Once additional visa programs and the Prevailing Wage module become available, the iCERT Portal system will serve as an example of an SSO because logging in at the application's Welcome Page can gain access to the Prevailing Wage, PERM, LCA, H-2A, and/or H-2B online systems for authorized users.</p>
Sub-Account	<p>In the iCERT Portal system, an Associate account is also known as a "Sub-Account" in that its usage permissions are inherently subordinate to the user with the "Master Account" who created it. Anyone with a registered iCERT Employer or Attorney/Agent master account can create a sub-account, and in doing so they define the specific system permissions and privileges of the sub-account (see Permissions entry above).</p>
