SEVIS NOTICE – December 3, 2009

The Student and Exchange Visitor Program (SEVP), a bridge for varied government organizations with interests in foreign students, posted a revised Designated School Official training course online at: http://www.ice.gov/sevis/schools/new_schools/index.htm .

Designated school officials (DSOs) apply regulations pertaining to nonimmigrant students. These regulatory issues span from reduced course load to Optional Practical Training, an employment opportunity for students.

In the revised training sessions, SEVP suggests DSOs review each slide, answer the questions, and at the end print the certificate of completion for your records. SEVP anticipates asking for the certificates in the near future.

Thank you,

Student and Exchange Visitor Program
