

International Students Contribute to Our Economy and American Innovation

# International Students Grow the U.S. Economy

While

to the U.S. economy

International students International students contributed nearly created or supported \$38.7 billion

# nearly 416,000 U.S. jobs.

That's three jobs for every eight international students.<sup>3</sup>

Nearly one-quarter of the founders of the \$1 billion U.S. startup companies

first came to America as international students.<sup>4</sup>

## enrollments, they make significant contributions to

international

up only 5.5%

of overall

**U.S. college** 

students make

our communities.<sup>1</sup>

last year.<sup>2</sup>

# International Students Help America Lead in Innovation

## For America to remain the leader in scientific discovery,

we must continue to attract the best and brightest from around the world.<sup>5</sup>

U.S. productivity is generated largely by advances in technological improvements.

Technological improvements are largely driven by the rate of innovation.

### In 2016, all six American winners of the Nobel **Prizes** in

economics and scientific fields were immigrants.7

## **Immigrants** have been awarded nearly 40% of the **Nobel Prizes**

won by Americans in chemistry, medicine, and physics since 2000.8
