

THE UNITED STATES OF AMERICA

Benefits from International Students

Total Contribution
\$28.4 billion

Number of Jobs Created or Supported

306,308

International students studying at U.S. colleges and universities contribute **28.4 billion** to the U.S. economy and support **306,308 jobs***. For every three international students, **one U.S. job is created** and supported by spending occurring in the higher education, accommodation, dining, retail, transportation, telecommunications and health insurance sectors.

The economic contributions of international students are in addition to the immeasurable academic and cultural value these students bring to our campuses and local communities. For a more detailed analysis by state and congressional district level, access NAFSA's International Student Economic Value Tool at www.nafsa.org/economicvalue.
