Independent Auditor's Report

To the Board of Directors NAFSA: Association of International Educators Washington, DC

We have audited the accompanying financial statements of NAFSA: Association of International Educators (NAFSA), which comprise the statements of financial position as of December 31, 2019 and 2018, and the related statements of activities, changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of NAFSA: Association of International Educators as of December 31, 2019 and 2018, and the changes in its net assets, and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements December 31, 2019 and 2018

Note 1 - Organization and significant accounting policies

Organization

NAFSA: Association of International Educators ("NAFSA") was incorporated in Washington, D.C. in January 1989, is headquartered in Washington, D.C., and serves international educators and their institutions and organizations.

NAFSA is the largest association of professionals committed exclusively to advancing international higher education. NAFSA provides leadership to its diverse constituencies through establishing principles of good practice and providing professional development opportunities. NAFSA encourages networking among professionals, convenes conferences and collaborative dialogues, and promotes research and knowledge creation to strengthen and serve the field. NAFSA leads the way in advocating for a better world through international education.

NAFSA believes that international education advances learning and scholarship, fosters understanding and respect among people of diverse backgrounds and perspectives, is essential for developing globally competent individuals, and builds leadership for the global community. NAFSA believes that international education lies at the core of an interconnected world characterized by peace, security, and well-being for all.

NAFSA is organized into 11 regions whose purpose is to advance NAFSA's mission and respond to the needs of NAFSA members within various geographic areas around the country. NAFSA provides technical and conference registration assistance to the regions. The regions have adopted Operating Procedures that provide a framework for governance as well as various procedural guidelines, including guidelines on communications with NAFSA.

Effective January 1, 2015, certain changes were made with respect to the governance, operating agreements, bylaws, oversight, policies and procedures of the regions that resulted in NAFSA exercising control over the regions and having ownership of the regions' assets and assuming the liabilities of the regions. As a result, the activities of the regions are included within the NAFSA financial statements.

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting. Consequently, revenue is recognized when earned and expenses when the obligation is incurred.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Cash and cash equivalents

NAFSA considers all highly liquid instruments, which are to be used for current operations and which have an original maturity of three months or less, to be cash and cash equivalents, except for highly liquid instruments held within its investment portfolios.

Notes to Financial Statements December 31, 2019 and 2018

Certificates of deposit

NAFSA holds certificates of deposit which serve as collateral for NAFSA's line of credit. The certificates of deposit from various institutions are recorded at fair value and are maintained within a single investment account housed by NAFSA's investment advisor.

Accounts receivable

NAFSA records accounts receivable net of an allowance for uncollectible accounts when necessary. Accounts receivable are comprised primarily of advertising and sponsorship receivables. The allowance is determined based on a review of the estimated collectability of the specific accounts, plus a general provision based on historical loss experience and existing economic conditions. Uncollectible amounts are charged off against the allowance for uncollectible accounts once management determines an account, or a portion thereof, to be worthless. Bad debt (recovery) expense of (\$13,529) and \$25,161 was recorded for the years ended December 31, 2019 and 2018, respectively.

Investments

Investments are reported using the fair value measurement standard. Liquid instruments which are to be used for the long-term purposes of NAFSA are classified as investments. Investments include annuities relating to NAFSA's 457(b) Plan.

NAFSA reports investments in accordance with FASB Accounting Standards Codification ("FASB ASC") Topic 820, *Fair Value Measurement*. FASB ASC Topic 820 defines *fair value* under U.S. generally accepted accounting principles, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. *Fair value* is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction.

FASB ASC Topic 820 establishes a fair value hierarchy that encourages the use of observable inputs when measuring fair value, but allows for unobservable inputs when observable inputs do not exist. The following provides a description of the three levels of inputs that may be used to measure fair value of NAFSA investments under FASB ASC Topic 820:

Level 1 - Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and provide highest quality inputs.

Level 2 - Level 2 inputs are based primarily on quoted prices for identical assets in inactive markets or similar assets in active or inactive markets or other significant market-observable inputs. Cash and money funds have been valued at the closing price reported by the fund sponsor from an actively traded exchange. Annuities are presented at the underlying fair value of the mutual funds. Certificates of deposit are valued based upon recently executed transactions, market price quotations and pricing models that factor in interest rates.

Level 3 - Level 3 inputs provide the lowest quality inputs because there are no significant observable inputs.

All investments have been valued using a market approach. There were no changes in the valuation techniques during the current year.

Alternative investments

NAFSA has an investment in the PMF Fund, L.P. (the "PMF Fund"), which is considered an alternative investment. This investment is not readily marketable and is often highly illiquid. The

Notes to Financial Statements December 31, 2019 and 2018

estimated fair value of the alternative investment is subject to a high degree of uncertainty and the actual fair values could differ materially from the estimated fair values.

The PMF Fund began operations on March 31, 2014 as a nondiversified, closed-end management investment company. The PMF Fund is a liquidating fund that has an expected duration of 10 years. At December 31, 2019 and 2018, NAFSA's investment in the PMF Fund was \$366,601 and \$466,116, respectively. The PMF Fund is carried on NAFSA's December 31, 2019 and 2018 statements of financial position at the fund's Net Asset Value ("NAV"). The valuation of the PMF Fund investments is determined as of the close of business at the end of any fiscal period, generally monthly, as calculated by UMB Fund Services, Inc., the PMF Fund's independent administrator (the "Independent Administrator") at December 31, 2019 and 2018, in consultation with Endowment Advisers, L.P. (the "Adviser"). The PMF Fund's valuation policies are overseen by a valuation committee established by the PMF Fund Board to oversee the valuation of the investments, to make recommendations to the PMF Fund Board on valuation-related matters, and to oversee implementation by the Adviser of such valuation policies. The PMF fund restricts the right to liquidations. Distributions from the PMF Fund are generally distributed quarterly, based upon excess cash as defined.

Property and equipment

Property and equipment in excess of \$2,500 are stated at cost and depreciated using the straight-line method over their estimated useful lives ranging from three to 10 years. Leasehold improvements are amortized using the straight-line method over the shorter of the useful lives of the improvements or the terms of the related lease.

Net asset classification

NAFSA's net assets are classified into two categories: *net assets without donor restrictions* and *net assets with donor restrictions*. Net assets without donor restrictions are net assets that are not restricted by donor stipulations for a time or purpose restriction. Net assets with donor restrictions result from contributions and bequests, investment income earned on restricted contributions, and investment income earned and appropriated from endowments. Use of net assets with donor restrictions is limited by donor-imposed purposes or time restrictions that have not yet been fulfilled by actions of NAFSA pursuant to these stipulations or by the passage of time.

Net assets with donor restrictions also result from contributions whose use is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by NAFSA's actions. The income and gains generated by these assets may be unrestricted or restricted according to donor stipulations.

Revenue recognition

Membership dues - NAFSA provides essential career and program benefits to members via principles of good practice, providing training and professional development, convening networking opportunities and collaborative dialogues, and advocating for international education. For membership dues, revenue is recognized over the period to which the dues apply. Other revenue received in advance and not yet earned is deferred to the applicable period.

Conferences - NAFSA holds various meetings and workshops centered on advancing the future of international education and exchange. Conference revenue is comprised of conference registration, exhibit and workshop revenue. Revenue from these events is recognized upon the occurrence of the events. Other revenue received in advance and not yet earned is deferred to the applicable period.

Notes to Financial Statements December 31, 2019 and 2018

Corporate and member support - NAFSA offers sponsorship opportunities for various products and events, and maintains a global partnership program which allows organizations and institutions access to NAFSA's membership community and resources. Sponsorship revenues are recognized upon the occurrence of the related event or distribution of applicable product. For global partnership dues, revenue is recognized over the period to which the dues apply. Other revenue received in advance and not yet earned is deferred to the applicable period.

Contributions

Transactions where the resource provider often receives value indirectly by providing a societal benefit, although the societal benefit is not considered to be of commensurate value, are deemed to be contributions. Contributions are classified as either conditional or unconditional. A conditional contribution is a transaction where NAFSA must overcome a barrier or hurdle to be entitled to the resource and the resource provider is released from the obligation to fund or has the right of return of any advanced funding if NAFSA fails to overcome the barrier. NAFSA recognizes the contribution revenue in corporate and member support on the statements of activities upon overcoming the barrier or hurdle. Any funding received prior to overcoming the barrier is recognized as refundable advance. At December 31, 2019 and 2018, NAFSA had no refundable advances.

Unconditional contributions are recognized as revenue and receivable when the commitment to contribute is received.

Conditional and unconditional contributions are recorded as either with donor restriction or without donor restriction. Contributions are recognized as contributions with donor restrictions if they are received with donor stipulations that limit the use of the donated asset. Contributions received with no donor stipulations are recorded as contributions without donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and are reported in the statements of activities and changes in net assets as net assets released from restriction. Donor-restricted contributions whose restrictions expire during the same fiscal year are recognized as contribution without donor restrictions.

Income tax status

NAFSA is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The NAFSA informational and income tax returns include the activities of the 11 regions. Income from certain activities not directly related to NAFSA's tax-exempt purpose is subject to taxation as unrelated business income. Unrelated business income was received in the form of advertising revenue for the years ended December 31, 2019 and 2018. NAFSA believes it has appropriate support for any tax position taken and, as such, does not have any uncertain tax positions that are material to the financial statements. NAFSA recognizes interest and penalties expense related to uncertain tax positions in general and administrative expenses on the statements of activities and accounts payable and accrued expenses in the statements of financial position. NAFSA reported no penalties and interest related to uncertain tax positions for the years ended December 31, 2019 and 2018. Tax years prior to 2016 are no longer subject to examination by the IRS or the tax jurisdiction of the District of Columbia. Income tax expense related to unrelated business taxable income was approximately \$5,000 and \$30,000 for the years ended December 31, 2019 and 2018, respectively.

Description of activities

Member programs and services - Represents expenses related to the provision of professional practice support information to members and the coordination and communication of membership benefits to the members and prospective members, as well as expenses related to educational

Notes to Financial Statements December 31, 2019 and 2018

activities designed to support professional development by promoting core competencies, mid-level training needs, leadership symposium programming and grants and scholarships for prospective members.

Conferences - NAFSA provides various workshops and meetings that serve as a forum for the latest developments in international educational exchange. These meetings offer a concentrated opportunity for the exchange of ideas and offer a network for sharing information to increase awareness of and support for international education.

Publications - NAFSA maintains a website and produces various publications, magazines and newsletters. These publications represent NAFSA's commitment to the ongoing enhancement of international educational exchange.

Public Policy - Represents expenses incurred to link NAFSA members with Congress and federal agencies, advocating for support for exchange programs and for removing barriers to exchange and informing membership of government actions affecting educational exchange.

Regional Activities - Regional expenses are comprised primarily of meeting related expenses for specific meetings and workshops at the local level as well as travel assistance to the needs of NAFSA members within their respective geographic areas.

General and Administrative Expenses - Includes the functions necessary for executive management; to maintain an adequate working environment; to maintain and support management information systems; and to manage human resources and financial and budgetary responsibilities of NAFSA.

Organizational Advancement - Represents expenses incurred to maintain NAFSA's various fund drives as it seeks to increase awareness of and support for international education in higher education, in government and in the community.

Governance - Expenses necessary to ensure proper administrative functions of the Board of Directors and the governance structure of NAFSA.

Functional allocation of expenses

The direct costs of providing various programs and other activities have been summarized on a functional basis. Costs incurred by a program or supporting service are charged directly to that service. Indirect costs have not been allocated among the programs and supporting services benefitted.

Adoption of new accounting principles

During the year ended December 31, 2019, NAFSA adopted the provisions of Accounting Standards Update 2014-09, *Revenue from Contracts with Customers* ("ASU 2014-09"). This ASU provides new revenue recognition guidance that superseded existing revenue recognition guidance. The update, as amended, requires the recognition of revenue related to the transfer of goods or services to customers which reflects the consideration to which NAFSA expects to be entitled in exchange for those goods or services. Adopting the new standard did not have a material effect on the timing of NAFSA's revenue recognition for the years ended December 31, 2019 and 2018.

During the year ended December 31, 2018, NAFSA adopted the provisions of Accounting Standards Update 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities* ("ASU 2016-14"). Accordingly, the beginning balances of the net assets previously classified as

Notes to Financial Statements December 31, 2019 and 2018

unrestricted were retroactively adjusted as without donor restrictions. Additionally, donor restricted net assets categories (temporarily and permanently restricted) have been retroactively adjusted to consolidate all donor restricted net assets into one classification, with donor restrictions. ASU 2016-14 requires additional disclosures in the areas of liquidity and availability. NAFSA has adjusted the presentation of these statements accordingly. The changes required by ASU 2016-14 have been applied retrospectively to all periods presented.

Subsequent events

NAFSA has evaluated events and transactions for potential recognition or disclosure through April 20, 2020 the date the financial statements were available to be issued. See Note 13 for the subsequent event disclosure.

Note 2 - Liquidity and availability of resources

NAFSA strives to maintain liquid financial assets sufficient to cover a rolling three months of general operating expenditures. Financial assets in excess of daily cash requirements are invested in certificates of deposit and short-term investments, and financial assets in excess of three-month reserves are invested according to NAFSA's Board-approved Investment Policy Statement.

The following table reflects NAFSA's financial assets as of December 31, 2019 and 2018, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position. Amounts not available include certain 457(b) plan assets, alternative investments with redemption limitations as more fully described in Note 1, and net assets with donor imposed restrictions.

Notes to Financial Statements December 31, 2019 and 2018

In the event the need arises, the long-term investments could be liquidated to meet operational needs and are not excluded in the following table. Authority for use of invested funds is delegated to the Executive Director and CEO in consultation with NAFSA's Treasurer (Chair of the Finance and Audit Committee). NAFSA's Executive Director and CEO must receive prior approval from the Executive Committee if the use of the invested funds will take longer than 12 months to replenish. NAFSA also maintains a credit facilty with Bank of America, N.A. through Merrill Lynch as an additional source of liquidity. Note 6 contains further information about NAFSA's line of credit, including its borrowing capacity.

Note 3 - Concentration of credit risk

NAFSA maintains balances at banks in excess of Federal Deposit Insurance Corporation coverage. Funds on deposit with the National Bank of Canada totaled \$58,577 at December 31, 2019 and were fully insured under the Canada Deposit Insurance Corporation. The total amount of uninsured deposits at December 31, 2019 amounted to approximately \$2,340,000.

Notes to Financial Statements December 31, 2019 and 2018

Note 4 - Investments

Investments are stated at fair value and consist of the following at:

		Decem	ber 3	1,
		2019		2018
	_		_	
Cash and money funds	\$	718,517	\$	486,355
Equity securities		520,271		469,001

Net property and equipment	\$ 1,831,910	\$	1,898,902

Note 6 - Line of credit

NAFSA maintains a credit facility with Bank of America, N.A. through Merrill Lynch. The facility is secured by selected investment securities held through Merrill Lynch and is due on demand with interest at the LIBOR rate plus 2.38%. The borrowing capacity under the facility fluctuates in proportion to the pledged collateral. As of December 31, 2019 and 2018, NAFSA's borrowing capacity under the facility was \$3,551,580 and \$3,129,172, respectively. The pledged securities had a value of \$4,595,636 and \$3,713,651 at December 31, 2019 and 2018, respectively. This credit facility is maintained to finance working capital requirements. The credit facility was not used during 2019 or 2018.

Note 7 - Operating leases

NAFSA leases office space under an amended operating lease that has an expiration of December 31, 2029 and provides access to additional space in the building. Beginning January 1, 2019, the lease provides for monthly base rent payments of \$42,306 escalating at 2.25 percent per year with an abatement of rent and NAFSA's prorated share of the annual operating expenses for the first six months of 2019, the first four months of 2020, the first four months of 2021, and the first four months of 2022. The amended lease requires NAFSA to pay for a prorated share of the annual operating expenses for the building, which totaled \$164,928 and \$257,614 for the years ended December 31, 2019 and 2018, respectively. Rent expense, including NAFSA's prorated share of the annual operating expenses, for 2019 and 2018 totaled \$662,411 and \$687,751, respectively.

In addition, NAFSA leases equipment under two operating leases. Rent expense under the leases, including service and maintenance costs, was \$42,998 and \$44,211 for each of the years ended December 31, 2019 and 2018.

Notes to Financial Statements December 31, 2019 and 2018

Future minimum lease payments are as follows:

Year ending									
December 31,	Office	E	quipment	ipment Tota					
2020	\$ 346,064	\$	35,178	\$	381,242				
2021	353,848		35,178		389,026				
2022	361,808		32,540		394,348				
2023	554,928		3,225		558,153				
2024	567,408		-		567,408

Perpetual - endowment: Scholarships		719,100		719,100		
Total net assets with restrictions	\$	1,026,639	\$	987,828		

Note 9 - Endowments

Interpretation of relevant law

In December 1988, NAFSA was named as the remainderman in an irrevocable unitrust agreement (the agreement) executed by Tamara H. Bryant. As the remainderman listed in the trust, NAFSA and Mrs. Bryant executed an agreement in January 1989 designating these funds to the "Tamara H. Bryant Endowed Scholarship Fund." In 2006, NAFSA received \$719,059 from the unitrust and in 2007 an additional \$41 was donated, which brings the total principal balance of the fund to \$719,100.

The Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), which became effective in the District of Columbia in July 2008, as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary, and has designated the Finance & Audit Committee of the Board of Directors to act as agent for the Board to implement the policy. As a

Notes to Financial Statements December 31, 2019 and 2018

result of this interpretation, NAFSA classifies as an endowment (a) the original value of gifts to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in the endowment is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by NAFSA in a manner consistent with the standard prudence prescribed by UPMIFA. In accordance with UPMIFA, NAFSA considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the funds
- (2) The purposes of NAFSA and the donor-restricted endowment funds
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of NAFSA
- (7) The investment policies of NAFSA

Return objectives and risk parameters

The investment policy establishes a benchmark return objective through diversification of asset classes. The primary return benchmark of the portfolio is to produce a level of return in excess of the market as represented by a benchmark index or mix of indexes reflective of the portfolio's return objectives and risk tolerance, and is based on policy allocation targets. A secondary performance target of the portfolio is a total return objective of 7% net of investment fees over three- to five-year rolling time periods and a full market cycle. Actual returns in any given year may vary from this amount. To satisfy its long-term rate of return objectives and reduce the overall volatility of the portfolio, NAFSA has divided its portfolio into two segments. One segment is designed to pursue an absolute return strategy and the other is to pursue a relative return strategy. The absolute return strategy is comprised of alternative assets using funds that can be invested for infinite time periods. The relative return strategy is comprised of a traditional allocation of stocks, fixed income and cash that more closely track securities market fluctuations. Both segments aspire to integrate socially responsible investments into the overall portfolio via sustainable, socially conscious and ethical investments while seeking to consider both financial return and social good to bring about a positive social change.

Strategies employed for achieving objectives

To satisfy its long-term rate-of-return objectives, NAFSA relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends).

Spending policy and how the investment objectives relate to spending policy

Based on the agreement, the income earned on the principal of the endowment is to be used to provide recognition and financial assistance to outstanding Burmese or East Asian students enrolled or planning to enroll in graduate schools in the United States, or outstanding African American students enrolled or planning to enroll in a study abroad program through an accredited

Notes to Financial Statements December 31, 2019 and 2018

university or college. Each candidate must demonstrate financial need for funds to meet tuition and fees for his or her educational program. The Endowment Policy establishes an Endowment Fund Program Committee of the Board of Directors and provides that this committee shall review at least annually and recommend appropriate action to the Board of Directors for the distribution of income and asset appreciation of the general fund and donor designated funds.

Changes in endowment net assets for the years ended December 31, 2019 and 2018, are summarized below:

	Without or restriction		With donor restrictions		Total		
Endowment net assets, January 1, 2018	\$	-	\$	1,021,322	\$ 1,021,322

Endowment net assets, December 31, 2019	\$		\$	1,010,514	\$ 1,010,514		

Note 10 - Retirement plans

NAFSA maintained a 403(b) plan (the "Plan") in 2018 and 2019 under which employees can make elective deferrals to the Plan. The Plan covers all employees who meet certain eligibility requirements. The Plan contains a nondiscretionary employer contribution of 3% of compensation, an employer discretionary contribution, which was established at 2% for both Plan years 2018 and 2019, and a discretionary employer match. The discretionary employer match ranged from 0% to 4%, for 2019 and 2018, depending on the level of individual employee contributions. Employer contributions to the Plan for the years ended December 31, 2019 and 2018 were \$655,753 and \$651,897, respectively.

NAFSA also maintains a participant directed deferred compensation plan in accordance with Section 457(b) of the Internal Revenue Code. The deferred compensation plan covers top-hat employees of NAFSA as defined in the deferred compensation plan documents. All contributions to the deferred compensation plan are from elective deferrals from eligible employees' wages. NAFSA does not contribute any nonelective funds to the deferred compensation plan. On the

Notes to Financial Statements December 31, 2019 and 2018

accompanying statements of financial position, deferred compensation plan assets of \$365,756 and \$393,380 are included in investments, and deferred compensation plan liabilities of \$365,756 and \$393,380 are included in other liabilities for the years ended December 31, 2019 and 2018, respectively. NAFSA's deferred compensation plan assets remain subject to the claims of NAFSA's general creditors.

Note 11 - Commitments and contingencies

NAFSA has executed contracts for future annual conferences through 2027. In the event of cancellation, NAFSA may be required to pay various costs as stipulated in the contracts, the amounts of which are dependent upon the respective dates of cancellation. NAFSA has obtained insurance to cover any potential liabilities arising from the cancellation of its 2020 to 2022 conferences. Due to the numerous variables involved, NAFSA's ultimate liability, or potential range of loss, under these contracts would range between \$0 and \$4,800,000. See Note 13 for the subsequent event disclosure.

Notes to Financial Statements December 31, 2019 and 2018

Note 12 - Fair value measurements

NAFSA has determined the fair value of certain assets through application of FASB ASC Topic 820, *Fair Value Measurement*. Fair values of assets measured on a recurring basis as of December 31, 2019 and 2018, are as follows:

	Fair value measurement at reportable date using							
		Fair value	ac f	oted prices in tive markets or identical sets/liabilities (level 1)	O	Significant other observable inputs (Level 2)	O	significant bservable inputs (Level 3)

Balance as of December 31, 2019	\$	446,754			

Note 13 - Subsequent events

COVID-19

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally, and this pandemic is leading to an overall decline in economic activity which could result in a loss of revenue and other material adverse effects to NAFSA's financial position, results of operations, and cash flows. NAFSA is not able to estimate the length or severity of this outbreak and the related financial impact. As of April 20, 2020, NAFSA has decided to cancel its annual conference, which had been scheduled for May 2020.

Office Lease

The building in which NAFSA leases office space was sold April 9, 2020 and, as a result, future operating costs to be passed through to NAFSA are expected to increase significantly. NAFSA has reached an agreement with the new owner whereby NAFSA has agreed to vacate the building no later than December 31, 2020 and its lease would terminate upon NAFSA leaving the property. NAFSA is in the process of locating new space to lease.
